

In the manuscript 'Grand Challenges Brazil: One decade of health research funding'.
Saúde Debate V. 49, N. 145, e10034, abr-jun 2025,
Saúde em Debate corrects:

On page 6, where it read:

[...] Examining the distribution of research by institution type, the graph 1 A reveals that 10 private and 23 public institutions received funding for 11 (14.67%) and 23 (85.33%) studies, respectively. [...]

It should read:

[...] Examining the distribution of research by institution type, the graph 1 A reveals that 10 private and 23 public institutions received funding for 11 (14.67%) and 64 (85.33%) studies, respectively. [...]
